IN THE United States District Court
For The District OF Montana
Billings Division

Kendall Ray Williams Plaintiff Federal Beaureu of Investigations FBI Agent Bandon Walters Defendent	Motion For any investigations against Kendall Williams to stop. FILED MAR 0 3 2017 Clerk, U S District Court District Of Montana Billings

Comes Now on the 3rd day of March 2017 Plaintiff Kendall Ray Williams Pro Se is requesting that the FBI be asked to put a stop to the harrassment, attempted entrappment, harrassment, and especially the fearful threats that it is placing on every woman that associates with Kendall Williams in an attempt to falsly arrest and try him for Prostitution related activities.

Some time in January Jade Nicole Meyer had her children taken away for allegedly doing drugs. This was weeks after her and Williams broke up over her drug abuse. After a tip about thier relationship which was completely one of love. (See Messenger Messages) Agent Brandon Walters began to investigate and invstigate weather Kendall Was pimping. While Ms Meyer has had a Backpage account for long before her and Kendall even met or he got out of prison. But the FBI is aware that in order to get her kids back Ms Meyer could be pressured in to lieing.

Soon FBI agents Began harrassing everyone Kendall knew alienating him from society while he was homeless. And went as far as having a girl Kendall is not willing to name entrapp him by basically forcing Kendall to do methamphetamine and ~~her~~ repeatedly begging him to set up escort calls. Because of homelessness Kendall went over to her house but ignored or denied her request. And did not accept any of her money. And then was there as Agents called and harrassed the girl over and over to talk to them. Knowing that he was not giulty of nothing, Told the girls to go and talk to them just tell the truth.

On approximately ~~August~~ 3-2-17 Federal agents harrassed and told Southside residents that they were being raided because Kendall Williams snitched. This endanged Williams life in order to further his false case. If a very powerful person like agent Brandon is able to abuse his authority on a financially broken, homeless man like Kendall Williams and the courts won't stop it what can a person like Kendall Williams do.

Hanging out with wild girls is not enough reason to send a person to prison and neither is posting a Backpage add. Kendall Williams done nothing with Jade Meyer who he got off of meth when she was five months pregnant and kept her clean until her pregnancy ended and she threw him out so that she could return to meth. The proof is right on Kendall's messenger account and Kendall has told the agent this ~~on~~ three occasions.

Pimping is sending someone to sell their body and taking the money. Getting paid to post adds for someone is not. It is a very time consuming and difficult task. Backpage states clearly that it is very legal as long as the person is over 18. And text from all of the girls that the FBI hade spoken to make clear that they persued Kendall Williams not the reverse. How is Kendall supposed to defend himself with an gent threatening everyone he knows. Kendall Williams 3-3-2017
